MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : Reimbursement Claim Against [REDACTED]

25X1A9A

1. The delay in settling this claim seems unreasonable. The claim dates back to the commercial air evacuation of the employee's sick wife in July 1955. After more than a year of administrative review the case was referred to this Staff on August 17, 1956. On August 30, I made recommendations to you for the settlement of this claim which involves no more than \$300 to \$400.

2. The employee is concerned about the disposition of the case. Please advise me what action is being taken.
